Dear Steve,

I just wanted to take this opportunity to say that in the past thirty-eight year history of the Triangle Institute of Professional Photography only two speakers have been received with so much enthusiasm, *Zig Ziglar and now Steve Gilliland!* Your keynote address was inspiring, funny and entertaining beyond words.

I received numerous comments from attendees all week long, and they agreed it was one of the best programs we have ever had. I also want to thank you for going above and beyond the call of duty with your preparation. The detailed way in which you related to our audience about what they encounter daily was truly masterful.

I look forward to working with you again. You will be coming back! As you would say, until we meet again...*"Enjoy the Ride!"*

Sincere Thanks,

Sam Pelaia,
Executive Director
